

WBDGA Sponsorship Proposal

for the

Wood Buffalo Disc Golf Association

The Wood Buffalo Disc Golf Association is a local non-profit sport society committed to providing a low cost entry to the sport of Disc Golf to all ages of the community. We have helped develop four courses around Fort McMurray, summer youth/adult leagues, indoor leagues, youth Disc Golf clinics and all ages tournaments since 2018.

Oilsands Open IV - Fort McMurray - August 26/27

The Oilsands Open is our largest tournament every year and draws crowds from areas like Edmonton, Calgary as well as BC and Saskatchewan. Part of the attraction is our beautiful RotaryLinks course, where Disc Golfers get golf carts for their rounds and the full golf experience at a beautiful course. We look forward to continuing this tournament's growth and success over the years through the help of local sponsors.

We are working to expand our biggest tournament course at the RotaryLinks golf course, by replacing 15 temporary practice baskets (disc golf targets) with permanent baskets, branded with the logos of the companies that helped contribute to the project. Replacing the 15 practice baskets and installing tee markers will take about \$10,000, so we need the support of local companies like yourself to reach this target.

Your logo will be permanently installed on the hole sign, tee markers and disc golf basket for as long as the equipment lasts. The disc golf baskets get a vinyl sticker around the top band and coroplast base which is expected to last at least 2 seasons, while the tee signs will be made from wood and epoxy which should hold up against the elements for at least 4 seasons. Tee markers will be metal cnc which we will use for that disc golf hole as long as they last, we estimate at least 3 seasons.
