➔ Program Design

The Sport Passport Program is an opportunity to register a child into a multisport program that teaches the fundamentals of sport through a physical literacy approach in a FUN environment.

The goal is to create an environment the kids love and as a result will have a better chance of developing a love for sport and activity. Multisport opportunities can lead to less burn out and overuse injuries, better overall skills and ability, smarter and more creative players, more lifelong enjoyment in sport and most importantly we will be helping to build confidence and competence in sport!

➔ Activities

This session participants experienced five different sports:

- Golf
- Trampoline and Tumbling
- Bouldering
- Flag Football
- Curling

HANGINGSTONE
ROCK CLIMBING
